## Professional Summary

Hello, I am Alex, I come from Greece and have been studying computer science at Northern Illinois University. Since I was seven years old, I've had a passion for technology and problem-solving. My native language is Greek, but I also speak English fluently and finished a Spanish course at the University to further expand my language skills. I like staying active and having a balanced lifestyle. In high school, I really had some amazing experiences, like improving my teamwork abilities in web design and other academic classes that required teamwork. I am currently focusing on improving my skills in programming and expanding my knowledge through academic and personal experiences.

## Work Experience

### Cashier | 2023-2025

Jewel Osco

Successfully handling cash and electronic transactions while answering any customers questions and made sure that the customer experience went smoothly having collected multiple good feedbacks.

### Busboy/Food Runner | 2023

Davanti Enoteca

While doing this job I had multiple customer encounters like taking orders, asking the customer if they needed anything else or is everything to their satisfaction. In addition I would coordinate with the kitchen to take their food to their table at a timely matter and later on clean up for the next people.
